

ADITYA DAMARE

Computer Engineering Student | DSA Enthusiast | AI/ML Explorer

Pune, Maharashtra, India | yourmail@gmail.com | LinkedIn: yourusername | GitHub: yourusername | LeetCode: yourusername

CAREER OBJECTIVE

Motivated Computer Engineering student passionate about software development, Data Structures and Algorithms, Data Science, and Artificial Intelligence. Seeking opportunities to apply programming and problem-solving skills while building real-world projects.

EDUCATION

Bachelor of Engineering — Computer Engineering

Vishwakarma Institute of Technology, Pune

Expected Graduation: 2029

TECHNICAL SKILLS

Programming: C++, Python, SQL

Web: HTML, CSS, JavaScript, Bootstrap

Database: MySQL, SQLite

Core: DSA, OOP, DBMS

AI/Data: NLP, Machine Learning fundamentals, Data Analysis

Tools: Git, GitHub, VS Code

PROJECTS

Resume Scanner — Python, NLP, SQLite, Pandas, NumPy

- Resume analysis application that extracts information and compares skills with job requirements.
- Uses NLP and similarity techniques to identify relevant keywords.

EduVerify — Academic Credential Verification — HTML, CSS, JavaScript, Python, QR

- QR-based academic credential verification concept designed to help verify educational certificates.

Phone Overcharging Protector — Arduino, C++, Relay, LCD

- Arduino-based charging protection system with relay switching, LCD display and timer functionality.

CODING & PROBLEM SOLVING

- Practicing Data Structures and Algorithms using C++.
- Solving problems on LeetCode, CodeChef and Codeforces.
- Working on arrays, strings, mathematics, searching, sorting and basic algorithms.

CERTIFICATIONS & ACHIEVEMENTS

- LeetCode problem-solving badge/streak
- Regular DSA problem-solving practice
- Web development projects
- AI/ML learning and exploration

SOFT SKILLS

Problem Solving • Teamwork • Communication • Quick Learning • Time Management • Analytical Thinking
